Subject: Our economy depends on the river

A cleanup plan is a good idea but we have to make sure we can afford it.

The EPA should come out with a plan that's good for the river and the fish. But you should also make sure that the plan is flexible and isn't so expensive that it drives out the companies that supply the blue-collar jobs our city needs.

Please do what's right for the harbor workers and the families who depend on those jobs.

Sincerely,
